Multi-project overview

A practical kit for project inventory, shared-resource map, attention queue.

This is a mock PDF describing a proposed product. It does not contain the promised guide, activities or templates. The product is not on sale.

What it is

Multi-project overview is a focused, self-guided planning kit for coordinators, agencies and project leads. It organizes project inventory, shared-resource map, attention queue into a practical workflow, with editable worksheets and a completed fictional example. Start with your own situation, make the decisions on the worksheets, and finish with a plan you can revisit. The completed example illustrates the method; it is not a customer result.

Who it is for

Coordinators, agencies and project leads

What you will make

Create a working set of project inventory, shared-resource map and attention queue, tailored to your own project.
