Study environment reset

A practical kit for distraction audit, desk setup, routine trial.

This is a mock PDF describing a proposed product. It does not contain the promised guide, activities or templates. The product is not on sale.

What it is

Study environment reset is a focused, self-guided planning kit for adult learners, students and self-directed learners. It organizes distraction audit, desk setup, routine trial into a practical workflow, with editable worksheets and a completed fictional example. Start with your own situation, make the decisions on the worksheets, and finish with a plan you can revisit. The completed example illustrates the method; it is not a customer result.

Who it is for

Adult learners, students and self-directed learners

What you will make

Create a working set of distraction audit, desk setup and routine trial, tailored to your own project.
