A practical kit for brand questions, visual references, design criteria.

This is a mock PDF describing a proposed product. It does not contain the promised guide, activities or templates. The product is not on sale.

### What it is

It organizes brand questions, visual references, design criteria into a practical workflow, with editable worksheets and a completed fictional example. Start with your own situation, make the decisions on the worksheets, and finish with a plan you can revisit. The completed example illustrates the method; it is not a customer result.
